READ LEFT TO RIGHT!

M,

I promised myself not to rant until I finish Chapter 12. And now Chapter 12 at last! Yay! Firstly, I'm ever thankful to MUVA for taking me in as a cleaner. I know I wasn't the best one around, and I admit that there have been times that I was sloppy, but I did learn alot.

Secondly, sorry about late releases. Although we tried to release Wrong Soul at least twice a week, this hasn't been always the case. Lots of personal stuff intervened. However, it is mostly at my end that the fault lies. Though StuffArtificer does not say anything, he actually releases Wrong Soul as soon as I finish cleaning the next one. Which means if it was released late, it is most probably because I was slow in cleaning.

Thanks for all the support, and keep on supporting MUVA!

StuffArtificer

Hey guys, sorry about the late release! It's been a hectic month or two for me. This will, unfortunately be the last chapter of Wrong Soul that we do for now. Chapters 13-15 are released now, but they are pay to view on U17 and we don't want to offend the author as there is nowhere else to find it right now. If that changes in the future then we'll definitely pick this up again!

Thanks for all your support, and we hope you enjoy!
